

We are pleased to announce that CB Medical is once again able to accept product donations from the areas of Saskatchewan, Alberta, British Columbia for ostomy supplies such as pouches, flanges, skin barrier wipes, skin prep, powder, paste, rings etc. , for Friends of Ostomates Worldwide Canada.

Please do not send any liquids, medical supplies, adult diapers, catheters, used ostomy supplies or products that are removed from a sealed package (example, flanges out of their original sealed sleeve) loose and /or unidentified supplies.

Please try to send all donated supplies in their original packaging where possible. We understand that sometimes it is not possible to do that for various reasons--When this is the case--Please send product in a see through poly bag, clearly marked identifying the product, the manufacturer, type, size etc (Example Hollister New Image 57mm(red) drainable pouch) There are many product numbers, and we do not know all of them. We are more familiar with the size, brand, product line, etc. If you can include the original box label with the bagged product (facing out) that is ideal.

Our motto when sorting & packing is, if we wouldn't put it on our own body, we wouldn't expect our recipients to. Therefore, **anything that is soiled, out of a sealed package etc gets discarded.**

While we truly appreciate your donations, sorting & packing **donated product for shipment by our volunteers takes time, even when it is clearly labelled. We rarely have time to spend** on sorting unidentified product, **so we are requesting your help by not sending us 'loose' or unidentified product.** Please try to help us help our recipients in a streamlined manner by adhering to these few requests

If you have any questions, or if you have a shipment to send us, please email us at INFO@FOWC.CA

Please include your name and address inside the carton so we may properly acknowledge your donation. Your help is truly providing dignity and quality of life to the recipients.

For Saskatchewan, Alberta, British Columbia, please ship your cartons as follows:

Friends of Ostomates Worldwide (Canada)

C/O

CB Medical,

3900 106 Ave SE #21,
